b) Use of cookies

A “cookie” is a string of information which assigns you a unique identifier that we store on your computer. Your browser then provides that unique identifier to us each time you submit a query to the Site. We use cookies on the Site to, among other things, keep track of services you have used, record registration information, record your user preferences, keep you logged into the Site, facilitate purchase procedures, and track the pages you visit. Cookies help us understand how the Site is being used and improve your user experience.

c) Types of cookies

The following types of cookies may be used when you visit the Site:

Advertising Cookies

Advertising cookies are placed on your computer by advertisers and ad servers in order to display advertisements that are most likely to be of interest to you. These cookies allow advertisers and ad servers to gather information about your visits to the Site and other

websites, alternate the ads sent to a specific computer, and track how often an ad has been viewed and by whom. These cookies are linked to a computer and do not gather any personal information about you.

Analytics Cookies

Analytics cookies monitor how users reached the Site, and how they interact with and move around once on the Site. These cookies let us know what features on the Site are working the best and what features on the Site can be improved.

Our Cookies

Our cookies are “first-party cookies” and can be either permanent or temporary. These are necessary cookies, without which the Site won't work properly or be able to provide certain features and functionalities. Some of these may be manually disabled in your browser but may affect the functionality of the Site.

Personalization Cookies

Personalization cookies are used to recognize repeat visitors to the Site. We use these cookies to record your browsing history, the pages you have visited, and your settings and preferences each time you visit the Site.

Security Cookies

Security cookies help identify and prevent security risks. We use these cookies to authenticate users and protect user data from unauthorized parties.

Site Management Cookies

Site management cookies are used to maintain your identity or session on the Site so that you are not logged off unexpectedly, and any information you enter is retained from page to page. These cookies cannot be turned off individually, but you can disable all cookies in your browser.

Third-Party Cookies

Third-party cookies may be placed on your computer when you visit the Site by companies that run certain services we offer. These cookies allow the third parties to gather and track certain information about you. These cookies can be manually disabled in your browser.

d) Control of cookies

Before cookies are placed on your computer or device, you will be shown a pop up requesting your consent to set those cookies. By giving your consent to the placing of cookies you are enabling us to provide the best possible experience and service to you. You may, if you wish, deny consent to the placing of cookies unless those cookies are strictly necessary; however certain features of our website may not function fully or as intended. You will be given the opportunity to allow and/or deny different categories of cookies that we use. You can return to your cookie preferences to review and/or change them at any time by adjusting your cookie settings.
